Attendees

Yuhan Ke, Suma Priya Davuluri, Van Thawng, and Shubham Bhagat

General meeting Info:

Meeting Purpose: demo what we had this sprint.

Start Time: 12/05/2021: 10:45pm

Stop Time: 12/05/2021: 11:05pm

Discussions Summary:

In today's demo, we have demonstrated the working of following modules:

1. **Product filters:** customers may choose the category they want, product location, price from high to low or low to high, and product rating.
2. **Rent:** able to choose day range and make payment after customer login.
3. **Voice search:** using voice search to find products.
4. **Recommendation:** user will get recommendations while they in the product details page.
5. **review:** users may be able to see the reviews of each product, and they may add reviews by clicking the add review button.
6. **Complaint:** Customers are able to submit a complaint, and the admin will see it after they log in with the admin account.
7. **analytics graphic:** admin will see the analytics graphic which shows how many products are rented for each category and the location of products.
